FOOT CARE PRODUCTS

SILICONE INSOLES

- Production of Visco elastic silicone
- Hypo-allergenic
- Anatomical support to the sole of the foot; it ensures a uniform distribution of the pressure in the base.
- Blue parts are softer than other regions
- Extends to the metatarsal region
- %100 silicone
- Elastic

SILICONE INSOLE (HIGH ARC - FLAT FOOT)

- Made of %100 silicone
- Absorbs ground reaction force
- Ortopedic supports ensure balance load distribution

Indications :

- Pet planus
- Pes caus
- Plantar fasilit
- Metatarsal support

SILICONE EPIN HEEL

- Made of Visco elastic silicone
- Hypo-Alergenic
- %100 silicone
- Blue regions are softer compared to others
- Epin calcanei

Indications :

- Used for heel spur

The background of the entire page is a photograph of a sunset over the ocean. In the foreground, the silhouettes of four legs are hanging from a dark wooden structure, likely a bridge or a walkway. The sun is low on the horizon, creating a bright, golden glow that reflects on the water. The sky is filled with soft, white clouds. The overall mood is serene and peaceful.

06

FOOT CARE PRODUCTS

Thick Gel Heal Pads to prevent heel pain

- Protects heels & the achilles tendons from heel pain that is caused from shoe frictions.
- Prevents heel injuries
- Reduces unexpected sock wear away
- Can be used with all closed back shoes
- Self adhesive & hygienic.

Oncomed®

Micromed

ONCO.001.20245

ORTP.001.20245

TO PREVENT CORNS, CALLUSES, BLISTERS AND FIGURE INJURIES

- Internally coated with oil-based mineral silicone gel ring.
- Can be used for hand figures & foot toes.
- Prevents friction & pain, soothes the skin.
- Softens the calluses.
- Reduces toe and between figure injuries & pains.

SILICONE METATARSAL PAD

- Made of %100 silicone

Indications :

- Metatars head sensitivity - Metatarsalgia
- Fat pad atrophy
- Lower metatars callus
- Washable & reusable - Easily fits into all shoes

Oncomed®	Micromed
ORTP.001.20656	ORTP.001.1720

SILICONE BUNION CUSHION

- Made of %100 silicone

Indications :

- Helps with bunion discomfort, pressure & friction
- Helps protect - cushion protuberance
- Premium quality silicone for comfort & durability
- Ergonomically designed to fit the anatomy of the wearer's foot

Oncomed®	Micromed
ORTP.001.20655	ORTP.001.11743

SILICONE TOE SPREADER

- Designed slimmer in the middle for better comfort, broader top & bottom to maintain spread
- Made of visco-elastic silicone
- Keeps the toes apart & reduces friction, Reusable

Indications:

- Toe deformities
- Reduces friction & irritation
- Provides gentle, constant pressure that promotes proper joint alignment
- Aligns the big toe to help relieve bunions

ORTHOPEDIC PILLOW

TRAVEL CUSHION

VISCO PILLOW

- Visco Elastic
- Avoids neck cricks during sleeping while traveling
- Ideal for a comfortable % smooth sleep
- Recommended for extended travels
- Occludes neck space assist in avoiding cervical disc hernia & spinal discomfort
- Zipper, removable & washable fabric
- Fits snug around the neck for maximum support

Micromed

ORTP.003.2229

- Manufactured by Visco elastic technology, directly sensitive to body temprature
- Fully supports the neck space & avoids chronic neck pain & spine articulation
- Ensures stabile line for the spine during sleep
- Hygenic
- Non-allergic
- Manufactured free of CFC gas wich is hazardous for human health
- Contains no carcinogen
